Grade Point Averages

The grade point average is calculated by dividing total points by grade point average hours. Grades earned in transfer courses are displayed on the transcript, but are not included in the student's grade point averages. Three specific grade point averages are displayed on the Georgia College transcript.

The Term Grade Point Average, labeled "TReg," is the grade point average for the term listed.

The Institutional Grade Point Average, labeled "Total Institution," includes grades earned in residence at Georgia College & State University. When a course has been repeated, only the last grade earned is included in the calculation of this grade point average.

The Regents' Cumulative Grade Point Average, labeled "CReg," includes all grades earned in residence at Georgia College & State University. When a course has been repeated, all attempts are included in the calculation of this grade point average.

Honors

The designations *summa cum laude*, *magna cum laude*, and *cum laude* are awarded at graduation to undergraduate students with high academic achievement. No honors are granted for graduate degrees.

Undergraduate students may be awarded the designations of Dean's List or President's List for academic achievement in a specific term.

Eligibility for Readmission
